

You can find multiple choice review questions in D2L under: **Assessments->Quizzes**

For all questions, unless otherwise specified assume that there are no syntax errors in any programs or program fragments.

## Non-multiple choice questions

---

### **Short answer 3 (code trace, conceptual):**

With these following instructions what has happened to Clark Kent (the string)? Is this string truly gone?

```
a= "Clark Kent"
```

```
a = "Superman!"
```
